

JAVA RECYCLED TEAK CO.

IN HARMONY WITH THE EARTH

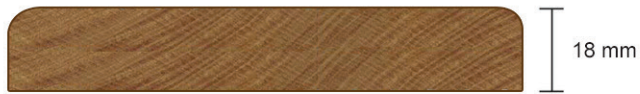

DECKING GRADING RULE SHEET

Java Recycled Teak utilizes the warmth and beauty of Java's reclaimed teak hardwoods to fashion floors and decorative coverings that meet the needs of today's urban lifestyle. As an environmentally aware enterprise, we are committed to reducing pressure on natural rainforest ecosystems. Thus, we promote the use of recycled wood materials sourced from salvaged houses and structures meticulously crafted. By redefining rich exotic and oriental motifs so they blend with contemporary spaces, these recycled teak elements create a living, breathing harmony with the natural world around you.
